Good afternoon Councillor Boisvert,

The Rotary Club of Tsawwassen is submitting an application for a Gaming Grant, to assist us with support for our many programs and initiatives which we work towards every year. I am sure you are aware of the many joint projects we have done with the City, such as Christmas in the Park, Easter in the Park, Storybook Walk and the waterpark. And we are looking forward to creating our newest legacy project, the Coast2 Coast Trail. We also participate in many community activities that do not necessarily generate funding and donations for us, but it keeps our profile in the community. Events such as our street clean up and Peace Day celebrations and more recently our Healthy Living Club. We support local non profits such as Kinvillage, BC & Alberta Guide Dogs, Delta Assist and provide scholarships to high school students.

We would like to have a letter from the City acknowledging the hard work we do to support community in our effort to get funding to keep some of these events moving forward. These funds will help us continue to hold our signature events which help in bringing this community together.

Thanks and regards

Mona Franks
President - RCOT
