

PETITION

To the Council of the City of Delta

We, the undersigned residents of Gillespie Road, Delta, BC, petition Delta City Council and ask that the preexisting speed humps on Gillespie Road are increased in size and additional units are added.

The contact person for this petition is,

Greg Sambrook 1462 Gillespie Road, Delta BC 604 828 6736

Increase speed hump size on Gillespie Road in Delta, BC

Our neighbourhood has become increasingly unsafe due to speeding vehicles, particularly on Gillespie Road. As residents, we have witnessed incidents where bicyclists are knocked off their bikes and children almost hit by cars. The existing speed humps have worn down over the past 20 years and no longer effectively deter speeding.

Gillespie Road has turned into a shortcut for drivers looking to bypass traffic, leading to dangerously high speeds in an area bustling with families, children, and cyclists. The current size of the speed humps does little to enforce the speed limit, and we are seeing the consequences of this neglect every day.

Speeding is not just a minor inconvenience; it is a significant safety concern for our community. According to the Insurance Corporation of British Columbia (ICBC), pedestrian accidents are on the rise, with many incidents being attributed to speeding. It's time for our city planners and the local government to step in and protect our residents.

We propose increasing the size of speed humps on Gillespie Road to more effectively reduce vehicle speeds and discourage this road from being used as a shortcut. Larger speed humps will force drivers to adhere to appropriate speed limits, thus preventing accidents and ensuring our community's safety.

Not only will this measure improve safety, but it will also enhance the quality of life for residents. Slower traffic will result in quieter streets, allowing families to enjoy outdoor activities without fear.

We urge the City Council of Delta, BC, to prioritize this issue and take immediate action.

By signing this petition, you will voice your support for making Gillespie Road a safer place for everyone.
